INTRODUCTION

130 contemporary rooms and suites on 48562.3 sq. mt. of landscaped gardens are designed for discerning business and leisure travellers. Our fine dining restaurants rank amongst the best in the city, serving international cuisines as well as sumptuous thalis that celebrate the region's soulful food culture, inspired by produce from the hotel's own organic garden. Our fitness and spa facilities compliment global lifestyles even as a dedicated concierge service guides guests through the sepia-tinted narrow lanes of old Varanasi and a wealth of architecture, art and textiles.

True to the city's timeless spirit, our 5 star hotel in Varanasi shifts gears from urbane luxury to spiritual epiphanies without missing a beat. Whether you're conducting business over brunch, relaxing with a drink and a few laps in the swimming pool, shopping for exquisite brocade fresh off weavers' looms or entranced by the light and sound extravaganza of the sandhya aarti (offer of prayers) at Dashashwamedh Ghat, your experience of ethereal Varanasi will be defined by the warmth and opulence at Taj Ganges.
